

DTAS Related Training

What's Available?

If the milk transport sector and wider dairy industry is to be expected to embrace, comply with and be correctly and consistently assessed against the DTAS Standards, appropriate training is a necessary pre-requisite. There are now a number of different training courses available to meet the needs of different roles within the dairy industry and bulk milk transport sector. The following courses provide the necessary and appropriate training depending upon the individual's role.

DTAS Assessor and Internal Auditor Course

<p><i>Course overview</i></p> <ul style="list-style-type: none">• Two-day course• Covers all DTAS Standards• Based at a milk haulage depot• Includes practical elements• Focus on the correct interpretation of the DTAS Standards and compliant assessment• Practice assessment• Examination under exam conditions	<p><i>Who's it for?</i></p> <ul style="list-style-type: none">• New DTAS Assessors (See DTAS Operating Protocol – Annex 2)• Haulier Internal Assessors
<p><i>Frequency and Location</i></p> <p>DTAS is obliged to run at least one of these courses annually, but more can be arranged on a demand led basis. The location will tend to reflect the location of those participating, wherever possible.</p>
