

DTAS Assessor Course

The transport of raw milk and milk fractions is the essential link between the farmer and the milk processor. The DTAS Standards applied throughout this part of the dairy supply chain are vital to ensuring food safety, product integrity, maintaining quality and standing up to both internal and external scrutiny.

This course forms an integral part of the New Assessor approval process. The full protocols for new assessor approval are available in the DTAS Operating Protocols (Annex 2 – DTAS Assessor Criteria). Anybody considering applying to become a DTAS Assessor, is strongly advised to study Annex 2 – DTAS Assessor Criteria, before applying to participate in this DTAS Assessor Course.

Course Overview

- Two-day course
- Covers all DTAS Standards
- Based at a milk haulage depot
- Includes practical elements
- Focus on the correct interpretation of the DTAS Standards and compliant assessment
- Practice assessment
- Examination under exam conditions

Who is it for?

- Employees of the milk purchaser not involved in the day to day running / management of the haulage operation
- Self-employed persons or consultants
- Employees of the haulier
 - Haulier DTAS specialist and internal auditor
 - Haulier accredited assessors are prevented from assessing their own company sites

For full eligibility criteria, refer to the DTAS Operating Protocol Annex 2 – Assessor Criteria.
